Our annual Time & Talent survey enables us to identify people’s preferences to ensure tasks are of interest to those involved. Each year the old forms are discarded and new results are distributed to appropriate ministry groups.

Note: Completing this survey does not commit you to service, but it gives you an opportunity to express an interest. All confirmed members of Ebenezer, all interested nonmembers, and interested youth should fill out this form. You can put more than one family member on this form by marking each selection with your initials. This information will be used in 2017, and it replaces all previous information. Extra Time & Talent survey forms are available in the Narthex.
